* The degree candidates listed in this program were applicants for degrees as of May 14, 2010. The deans of the University's schools will make any needed changes in awarding the diplomas. The August 2009 and December 2009 degree recipients precede the listing of the May 2010 degree candidates in each section.
John Casteen has served as the president of the University and Kaufman Professor since 1990. He joined the faculty in 1975 as an assistant professor of English, became an associate professor in 1977, and continued in that position until 1985. From 1975 to 1982, while continuing to teach English, he served as the University's dean of admission. He was the Secretary of Education for the Commonwealth of Virginia from 1982 to 1985. From 1985 to 1990, he was president of the University of Connecticut.

During Mr. Casteen's presidency, the University has been recognized for its leadership in educating minority students, for the quality of its undergraduate teaching and faculty research, and for its success in restructuring its relationship with the state following historic reductions in state tax support. During restructuring of the University's relationship with the state, Mr. Casteen was instrumental in developing AccessUVa, now widely recognized as the best and most effective need-based student financial aid program in the country.

Mr. Casteen was named the Outstanding Virginian in 1993, and was named Virginian of the Year by the Virginia Press Association in 2010. He was awarded the Gold Medal of the National Institute of Social Sciences in 1998, and the Virginia AIAs Architecture Medal for Virginia Service in 2004. He received the University's Thomas Jefferson Award in 2009, and became a fellow of the American Academy of Arts and Sciences the same year. Mr. Casteen is active in government, business, and both U.S. and international organizations that support universities and education generally.

On August 1, he will become President Emeritus and University Professor.

Mr. Casteen was born and raised in Portsmouth, Virginia. He is married to Betsy Foote Casteen. They have five children, of whom three are University graduates.

Final Words to the Class, Mr. Casteen

Academic Recession, The Good Old Song

We request that the audience remain in place until the academic recession has passed. The presentation of diplomas will follow at the locations noted in this program. Degree candidates who do not receive their diplomas at school or departmental ceremonies may receive them at the Office of the University Registrar in Carruthers Hall after 2 p.m., Monday, May 24.
A History of Final Exercises
at the University of Virginia
by Raymond C. Bice, Professor Emeritus

So astute was Mr. Jefferson in determining the basic educational policy for the University of Virginia that the policy has seen very little change in the University's 191-year history. The colorful ceremony you will see today, however, would not have been held under Thomas Jefferson's original plan, which did not provide for degrees and diplomas. Although the early students of the University were highly respected for their knowledge, some of them petitioned the Board of Visitors for diplomas to improve their opportunities for employment.

Out of deference to the founder, the board took no action on these requests during Jefferson's lifetime, but fifteen months after his death, it changed the policy and directed that plans be laid for the first “Public Day” (commencement). In July 1829, the first Public Day was held in the Dome Room of the Rotunda. The program was very long, and it included orations by students. By 1848, the program began with a procession led by students and involved a single address by a prominent person.

Public Day was held in the Dome Room until the Rotunda annex was completed in 1853. It was then held in the public hall of the annex until the Rotunda and the annex burned in 1895. When Cabell Hall was completed in 1898, the Public Day programs were held in its auditorium. President Alderman's inauguration in 1905 brought about the more formal procession as seen today. It is now led by a faculty grand marshal.

When the McIntire Amphitheatre was completed in 1921, it became the site for the final exercises. A sudden drenching rainstorm disrupted the 1949 ceremony, sending the soaked graduates and guests into any shelter they could find. The threat of sudden storms and the increased number of graduates caused President Colgate Darden to declare that the 1952 ceremony would be the last to be held in the amphitheatre. Since then, Finals have been held on the Lawn except in bad weather.

Even when the ceremonies were held in the amphitheatre, the participants marched from the Rotunda, down the Lawn to the site of the ceremony. Students have long considered it a high privilege to have the opportunity to walk down the Lawn at Finals, and today's students place an even greater importance on this privilege. So important to many of them is the ceremonial walk down the Lawn, that a number of students, cheated out of a ceremony on the Lawn by bad weather, “confirm” their graduation by processing down the Lawn after Finals.

Through 1961, the president conferred the degrees and handed each recipient a diploma. By this time, graduates numbered in the thousands. The ceremony had become much too lengthy and the logistics too complex. Beginning in 1962 and continuing today, degrees are conferred in a main ceremony by the president. Degree recipients and their guests then reassemble later in “diploma ceremonies,” where the diplomas are presented to the graduates by the deans.
The Academic Procession

The Procession
The academic procession is led by the grand marshal of the University bearing the official silver and ebony mace. Most of the processioners wear the academic costume accepted by a majority of the principal institutions of higher learning in the United States, though certain academic officials, such as the rector of the University, wear particular costumes indicative of current office. The processional order is listed below.

The Gown
The processional gown is usually black; the design of the sleeves denotes the type of degree being conferred. The bachelor's sleeve is long and pointed. The master's sleeve has squared ends, with the arc of a circle near the bottom and a slit for the arm near the elbow. The doctoral sleeve is bell-shaped with three velvet bars. The doctoral robe has full-length velvet panels in front, either black or a color that symbolizes the wearer's field of learning.

The Hood
A separate ornamental fold hangs down the back of the gown, and its lining carries the colors of the college or university granting the degree (for the University of Virginia, orange and blue). An outside band of velvet varies in width according to the degree: two inches for bachelor's degree, three for the master's, and five for the doctorate. The color of the band and other velvet on the doctoral hood symbolizes the field of learning (such as dark blue for philosophy). The length of the hood also varies with the level of the degree: bachelor's, three feet; master's, three and one-half feet; and doctorate, four feet. Bachelor's and master's degree candidates often do not wear their hoods.

The Cap
The cap is usually the black mortarboard, decorated with a tassel. Gold tassels may be worn by holders of doctoral degrees, and some master's tassels are white. Generally, the colors of the tassels represent the principal fields of learning and are described below.

The Good Old Song

That good old song of Wah-hoo-wah,

We’ll sing it o’er and o’er;

It cheers our hearts and warms our blood

To hear them shout and roar.

We come from old Virginia

Where all is bright and gay;

Let’s all join hands and give a yell

For the dear old UVA.
