A History of Final Exercises at the University of Virginia

So astute was Mr. Jefferson in determining the basic educational policy for the University of Virginia that the policy has seen very little change in the University's 203-year history. The colorful ceremony you will see today, however, would not have been held under Thomas Jefferson's original plan, which did not provide for degrees and diplomas. Although the early students of the University were highly respected for their knowledge, some of them petitioned the Board of Visitors for diplomas to improve their opportunities for employment.

Out of deference to the founder, the Board took no action on these requests during Jefferson's lifetime, but fifteen months after his death, it changed the policy and directed that plans be laid for the first “Public Day” (commencement). In July 1829, the first Public Day was held in the Dome Room of the Rotunda. The program was very long, and it included orations by students. By 1848, the program began with a procession led by students and involved a single address by a prominent person.

Public Day was held in the Dome Room until the Rotunda annex was completed in 1853. It was then held in the public hall of the annex until the Rotunda and the annex burned in 1895. When Cabell Hall was completed in 1898, the Public Day programs were held in its auditorium. President Alderman's inauguration in 1905 brought about the more formal procession as seen today. It is now led by a faculty grand marshal.

When the McIntire Amphitheatre was completed in 1921, it became the site for the final exercises. A sudden drenching rainstorm disrupted the 1949 ceremony, sending the soaked graduates and guests into any shelter they could find. The threat of sudden storms and the increased number of graduates caused President Colgate Darden to declare that the 1952 ceremony would be the last to be held in the amphitheatre. Since then, Finals have been held on the Lawn except in bad weather.

Even when the ceremonies were held in the amphitheatre, the participants marched from the Rotunda, down the Lawn to the site of the ceremony. Students have long considered it a high privilege to have the opportunity to walk down the Lawn at Finals, and today’s students place an even greater importance on this privilege. So important to many of them is the ceremonial walk down the Lawn, that a number of students, cheated out of a ceremony on the Lawn by bad weather, “confirm” their graduation by processing down the Lawn after Finals.

Through 1961, the president conferred the degrees and handed each recipient a diploma. By this time, graduates numbered in the thousands. The ceremony had become much too lengthy and the logistics too complex. Beginning in 1962 and continuing today, degrees are conferred in a main ceremony by the president. Degree recipients and their guests then reassemble later in school and department ceremonies.
The Academic Procession

The Procession

The academic procession is led by the grand marshal of the University bearing the official silver and ebony mace. Most of the processioners wear the academic costume accepted by a majority of the principal institutions of higher learning in the United States, though certain academic officials, such as the rector of the University, wear particular costumes indicative of current office. The processional order is listed below.

The Gown

The processional gown is usually black; the design of the sleeves denotes the type of degree being conferred. The bachelor’s sleeve is long and pointed. The master’s sleeve has squared ends, with the arc of a circle near the bottom and a slit for the arm near the elbow. The doctoral sleeve is bell-shaped with three velvet bars. The doctoral robe has full-length velvet panels in front, either black or a color that symbolizes the wearer’s field of learning.

The Hood

A separate ornamental fold hangs down the back of the gown, and its lining carries the colors of the college or university granting the degree (for the University of Virginia, orange and blue). An outside band of velvet varies in width according to the degree: two inches for bachelor’s degree, three for the master’s, and five for the doctorate. The color of the band and other velvet on the doctoral hood symbolizes the field of learning (such as dark blue for philosophy). The length of the hood also varies with the level of the degree: bachelor’s, three feet; masters, three and one-half feet; and doctorate, four feet. Bachelor’s and master’s degree candidates often do not wear their hoods.

The Cap

The cap is usually the black mortarboard, decorated with a tassel. Gold tassels may be worn by holders of doctoral degrees. Generally, the colors of the tassels represent the principal fields of learning and are described below.

Claudrena Harold, the Edward R. Stettinius, Jr., Professor of History, chairs the Corcoran Department of History. A native of Jacksonville, Florida, she earned her bachelor's degree from Temple University and her Ph.D. degree from Notre Dame. At Temple, she was a two-time first-team all-Philadelphia Big 5 honoree in basketball (1994-97) and was inducted into the Temple Athletics Hall of Fame in 2010.

Ms. Harold specializes in African American history, Black cultural politics, and labor history. She has taught about the history of Black students on Grounds and about the evolution of African American music, among other courses. Her work in the classroom has been recognized with two awards – the Gordon F. Rainey, Jr. Award for Vigilance to the Student Experience and the All-University Teaching Award.

For about a decade, Ms. Harold and Kevin Everson, a UVA art professor and an experimental filmmaker, have worked on an ongoing collaborative film series, *Black Fire*, that focuses on different aspects of the Black experience on Grounds. As a part of this process, she and Mr. Everson have written, produced, and co-directed 10 short films. These films have screened at the National Gallery of Art, the Whitney Museum, and several international film festivals. The 2021 film *Pride* screened at the Glasgow Short Film Festival in March. *Black Bus Stop*, filmed in 2019, was recognized on Grounds in a commemorative marker at the site this year. They finished shooting *Gospel Hill*, the 10th installment, in March.

Academic Recession, The Good Old Song

We request that the audience remain in place until the academic recession has passed.
Dr. Taison Bell is an assistant professor in the divisions of Pulmonary and Critical Care Medicine and Infectious Diseases and International Health. He is also Vice Chair for Faculty Affairs in the Department of Medicine and previously served as the director of the Medical Intensive Care Unit. Born in Boston and raised in Lynchburg, he graduated from UVA with a degree in African American and African studies, and he completed his medical degree at the Vagelos College of Physicians and Surgeons at Columbia University.

As a critical care and infectious diseases specialist, Dr. Bell has played a major role in UVA’s response to COVID-19 and is well regarded as a passionate clinician educator. Last year, the State Council of Higher Education for Virginia gave him a “Rising Star” Outstanding Faculty Award, the highest honor the state bestows on faculty from all of Virginia’s private and public colleges and universities.

As an attending physician in the Medical Intensive Care Unit, Dr. Bell has cared for patients in UVA’s COVID units and assisted long-term care facilities in Central Virginia as they battled outbreaks.

Dr. Bell also helped shepherd a University- and community-wide effort to create and distribute personal protective equipment to frontline care providers and was instrumental in bringing a clinical trial to UVA that examined the effectiveness of remdesivir as a COVID-19 treatment. Based on the results from UVA and other trial locations, the federal Food and Drug Administration authorized remdesivir as the first treatment for COVID-19.

He also directs the UVA Summer Medical Leadership Program, a six-week enrichment program for 30 college undergraduates from underrepresented groups who are interested in pursuing medical careers. Dr. Bell is also widely recognized as a national leader in the study of health disparities and was recently recognized as one of the Top 40 Under 40 Leaders in Minority Health by the National Minority Quality Forum.

Dr. Bell trained in internal medicine at the Massachusetts General Hospital, where he was a chief resident. He subsequently completed an infectious disease fellowship at the combined Massachusetts General and Brigham and Women’s Hospital program, followed by a critical care fellowship at the National Institutes of Health. He has also completed the executive MBA program at the UVA Darden School of Business, where he co-founded Owl Peak Labs, a Charlottesville-based medical technology startup.

For finals weekend information:
Bus stop for accessibility shuttles on Saturday and Sunday – McCormick Road in front of Special Collections Library
The Good Old Song

That good old song of Wah-hoo-wah,
We'll sing it o'er and o'er;
It cheers our hearts and warms our blood
To hear them shout and roar.
We come from old Virginia
Where all is bright and gay;
Let's all join hands and give a yell
For the dear old UVA.
